Music Organiser Co., Ltd. is a music organiser software development company from Newark Valley, New York. It develops music organiser software, music organiser programs and automatic music organisers for both home and business use.

Music organiser program - is a music organiser software, music file organiser and MP3 file organiser that will automatically organise music, organise music files, delete duplicate files and remove duplicate files, automatically sort and rename music files on your computer, on your internal and external hard disks, organise music in your music collection and in your music player.

Music organiser will organise all your music on your computer, music player and hard disk. Organise music easily - Free music organiser download at music organiser download section.

Music Organiser Co., Ltd. was originally founded in 1994 and went a long way from the initial small one-man shop for data analyzing program to the file processing tools specialist, that it is today. In 1997 we changed our business focus on file processing program and development tools and introduced to the market:

Music Organiser

Music Organiser version 1.0 released in 1997, was the first tool that could sort, rename and organise music file collections with unlimited size, in one easy step. Combined with its straight-forward user interface and ease of use, the product became an immediate success. Today, Music Organiser is one of the best selling and most popular music file renaming tools world-wide. The introduction of - Blue Titanium based - Music Organiser continues our mission to provide high quality music file renaming tools, and expands our presence in the music file sorters market. User-friendly wizards for music file renaming, Automatic Renaming of music files of all types, music file renaming in the way you prefer (more than 475 ways to sort music files) - It is all about Music Organiser, leading solution in music file renaming industry.
